FROM THE BOARD ROOM
MICK O'NEILL MBE

Welcome to fans, players, directors and officials from Oldham.

It's great to have Darren Appleby and his lovely wife Karen here today.

Darren was a star for the club back in the great days of the 1990's. Darren leaves near me and Jackie in Australia, so we see each other a fair bit when we're there. I wish Darren and Karen a great day today at Cougar Park - they're great friends of the club.

There's been a far bit of change in the last couple of months.

My thanks to Jake and Steve , the players and the coaching staff, Adam Mitchell, Craig McDowell, Paul Royston, Lindsay and Steph. They have all been united, working in the best interests of the club, and our long term success and sustainability. We really do have some great people behind the scenes.

Plans are well advanced for next season's squad. My thanks to our sponsors who are the lifeblood of the club.

This season we have been so fortunate to have had Raiseprint helping us out more and more on all things from printing, to boards, to merchandise.

Also, remember that if your internet at home or work is up for renewal, to consider BRSK - they have a great reputation, and for everyone who uses the unique QR code on signup, that BRSK donate £100 to the club, remember folks to use that QR code which you can find around the ground!

Wish everyone to have a great day today. Things are hotting up as we head to the end of the season, so bring your friends, let's pack this place and support the lads to onward success.

It's Cougartime!

CLUB UPDATE WITH RYAN & KAUE

Welcome to our friends from Oldham. They have been formidable this season, and deserve every success for the investment and hard work that Mike, Bill and his team have put into building a superb squad.

This summer has been busy at Cougar Park with the kids summer camps, which have been the best attended yet. We have had over 600 children attend over the holidays so far. They have had a great time, playing on the pitch, learning about the club.

My thanks to the players who have taken part, Lachlan, Mark and Junior. Also thanks to Callum Duffy and Chelsey Holder for the time they have given to making the camps a huge success.

We are hopefully just weeks away from the start of work on the stand. It has been a very bureaucratic process, and amendments have had to be made to ensure we deliver what is required on budget.

The inflation rate since we were awarded the grant has been in double figures for construction materials, so we have had to change the plans to absorb that cost and deliver an excellent facility with the funds available.

Our thanks to Steve Watkinson who has been working to come up with a range of ideas which are now falling into place.

There are just a few legals to sort out, then we should be ready to go. It is likely the works won't be too disruptive next season, as the programme is setout in stages to ensure facilities remain open for matchdays.

We have a number of vendors today in the Royd Ings entrance. We are always on the lookout for vendors to come and set up a tent and offer their products to fans.

The more the merrier, as it makes a great atmosphere, and also offers local businesses an opportunity to showcase themselves and earn some income on a game day. Please get in touch if you are interested.

We have an exciting run in to the end of the season, and hope it is a success ultimately for the club.

We'd like to thank our loyal supporters who have stood by us in the downs as well as the ups. We're better together.

Enjoy the day.

Ryan & Kaue

COACH'S CORNER

INTERIM HEAD COACH JAKE WESTER

After the last 5 weeks i can firmly say ive had my challenges on and off the training field after taking on the interim head coach job, but the support from my staff, colleagues and players have made the transition a little easier.

We have all be working hard with the team to fix the detail that we have been missing and we are starting to see some of the hard work pay off with the victories in three of our last four games.

Our last outing against Oldham was a very physical battle which we came up short in a lot of areas.

The boys identified this after the game and have worked hard in them specific areas. This is a big game for us as a team and club as we know what is at stake.

Our games against Midlands and Newcastle have been chances for us to show that we are understanding the level of detail we need to compete at a high level to be successful and i give credit to the team for working hard weekly.

Last weeks game against North Wales was almost a tale of 2 halves.

We got into the grind of the game and chances we created off the back of hard work, but credit to NWC they didn't go away which really tested the boys character and resilience especially when we were down to 12 men for 20 minutes. Im very proud of how they ground out a win in very hot and challenging conditions

I'd like to thank the travelling fans who travelled to Oldham and Chester to support the boys, your continued support is greatly appreciated, and was great to see alot of u at our last two home games.

A big boost for us has been keeping Junior Sa'u at the club. He's a massive influence both on and off the field. Junior brings so much experience and talent to the team, and having him stick around is a huge win for us.

He's the kind of player that lifts everyone around him, and the younger guys can learn a lot from him. His commitment to the Cougars really shows that we're moving in the right direction.

OLDHAM RLFC

2024 SEASON REVIEW

Champions elect today, with just one loss on their copy book for the season ironically at Cougar Park back in May.

With potential banana skins avoided against North Wales Crusaders the Roughyeds have navigated League One well.

Of course going up automatically is the preferred choice with the second League One team facing a tough away trip to a Champioinship club to secure the second promotion spot.

You can't help feel Oldham will need to do a bit of a rebuild job in the off-season though to ensure they aren't caught in the headlights in the Championship next year.

You can't see players like Jamie Ellis, Elijah Taylor or DanntyCraven going round again, but the signing of Riley Dean certainly shows some intent to improve their halves.

Whatever will be today at Cougar Park, will be. Just know that Oldham have produced some scintilating Rugby League this year and even pending a slip up in the last three games, certainly look to be Champi-onship material.

With 2025's Championship and League One culminating in a 'middle 8's' style finale, the objective for any team going up will surely be to avoid the lottery of that.

CATCHING UP
WITH STEVE

After what feels like a lifetime, we're back home again.

It's always a more challenging week when we play at home as there's so much more to organise than an away bus and pick up stops.

When we're at home my week includes contacting all hospitality guests, of which we're at 100 average per game, organising the match day sponsors experience, setting up the bars and coordinating the food vendors - to name just a few jobs!

Speaking of food vendors it was great to welcome back S.A.M.S Sarnies - I am sure you'll all appreciate their return. I must thank BEARS for their support over the last 12 months or so, but a change in their business and difficulty for them arranging staff etc meant they could no longer make it financially viable to continue and I thank Richard for stepping in. I look forward to working with him to bring you different catering options going forward.

We've started work on the 2025 kits, teamwear and retail offering and wow is all I can say! I'm pushing on and will have a bigger range of product for you for 2025.

We design all our product in house and use our own factories to keep retail costs under control and ensure you guys pay a fair price on Cougars merch.

If there's something you'd like to see in the shop, drop me an email and I will see what I can do.

Looking towards the end of the season, I think we will get another programme in September. Thank you for reading through all our contributions this year- it's difficult compliling all the content, but I

hope you have enjoyed them!

A VIEW FROM THE SIDELINE

Club photographer Jonny Tomes-Green provides his insights

What a month it has been since my last update – life at Keighley Cougars is certainly never boring! As the rollercoaster rumbles on we see another chance to have a go at Oldham down here at Cougar Park. We're into the time of year when results start to have real impacts and, if my maths is correct, even though we have cemented a top two finish in League 1 there is a lot on the line this weekend. It would be fantastic to deny Oldham the league title on our ground this afternoon, but as we saw at Boundary Park in July that is definitely not going to be an easy task.

I thought I would touch on the departure of Matt Foster for this column as well. Matt came into the role in a difficult situation last year and played a big part in very nearly surviving the drop, producing some excellent performances – notably against Batley and Halifax at home. That being said, if we want to get back into the Championship (in my eyes the most entertaining division in sport currently) we need to show something more like the ambition we had back in 2022, and I started to get the sense that this was lacking a touch from Matt. As difficult as it is for the Cougar faithful who remember him as a player and his history with the club, I feel like we need to move forward and look to push on now with a fantastic squad and in order to get back to where we belong.

I am hoping that we can pull out another class result like the last game against Oldham but I know that they won't be taking this lightly at all with the chance to clinch the title on the line – bring on another mouth-watering matchup!
